# A Message From the Board

## *The Art of Giving Back*

I believe there are three things we can do to *give back* and make a difference.

First - **Pay it forward**; do something for someone without them knowing. We have all had others help us along the way. Many times we do not even know of it or could not even say thank you for that something extra that was done on our behalf. Hence, the concept of paying it forward is to do something for someone else in the future.

Second - **Just do it**; as the Nike slogan says. If not now, when? Sometimes we want to give and have every intention to do so but we get busy and forget. Take that action today.

Third - **Be a good neighbor**; at the NMCCF your donation makes it possible to help those in your own community. Our mission is to assist cancer patients with their non-medical expenses at their greatest time of need. *Making a difference, one patient at a time.*

Just as simple and impactful as that.

Start 2017 off with an attitude of giving back as a way of saying thank you for all you have. Serving others is the best gift one can give.

Thank you in advance for helping us at the NMCCF help others.

Keith Powell  
Board President
