

Help Using the NMCC Website - FAQ

We have tried to design this new website to be as useful and as easy to use as possible, for people of all ages and technical abilities. We will continue to ask for **your feedback and suggestions**.

But we know that sometimes people get a bit lost, especially if you or a loved one are also dealing with an illness. So, this page was written to be a helpful guide. It is organized as a list of Frequently Asked Questions, often abbreviated "FAQ". You may click on any of the questions below to open up the answer.
